George's guardian angel, Clarence, appears on Christmas Eve to save him from despair and to remind him, by showing him what the world would have been like had he never been born, that his has been a wonderful life.

Based on the much-loved 2003 film, Elf JR follows the story of Buddy, a young orphan who never quite fit in with his other elf friends. Connections to the Law is held in the North West Mounted Police Fort and examines the following three topics:

Using surveying tools, students will survey a land map and then choose their own homestead, complete with a 1916 Dominion Lands Interim Receipt Certificate for their chosen land. This session is

held in the NWMP Fort Program Space.

Treaties with the Indigenous Peoples - Treaty Six. This session investigates the factors that led to the signing of Treaty 6 and the impact of that treaty on both the settlement of Western Canada and Indigenous groups who signed the treaty. Students play the roles of both Cree people and early European settlers, giving them the opportunity to understand the signing of the treaty from both perspectives. This session is held in the North West Mounted Police Fort Divisional Kitchen.

North West Mounted Police. A look at the formation and movement west of Canada's first police force - a force created to secure law and order for peaceful settlement in the west.
