Information Session: A detailed 45 - 60 minute presentation by staff from The Centre for Learning@HOME describing the educational programs and services offered by the school from Grades 1-12. The presentation is followed by a question and answer period with an opportunity for families to meet individually with a staff member. Parents gain a better understanding of home schooling along with the services The Centre for Learning@HOME can provide to students and parents.

Open House: Allows parents and students to drop-in and meet informally with staff members for general discussions on programs and delivery options. Discussion is more personalized which may include small group question and answer opportunities.
