DECEMBER 5

CO-CURRICULAR CLASS

Join us for Co-Curricular classes on December 5. This session will focus on Language Arts, Phys-Ed and other core subjects. The Phys-Ed component will be Cooperative Games. Stay tuned for a description of the other sessions.

Grade 1/2 - Christmas Traditions. Come and explore the traditions of Christmas from countries around the world. Come and share your family traditions with the class. Feel free to bring one item that represents your heritage and how you celebrate this special occasion.

Grade 3/4 - We will explore the theme of hearing and sound through science, art, and writing activities. Come experience the "sounds of the season" with us!

Grade 5/6 - Christmas Connections. Students will be writing letters "Jolly Postman" style, Reading and discussing current events in the December edition of "What in the World", friendly cooperative games and Christmas crafting "fabric tree balls".

Grade 7-12 -We are each created with unique traits because God indeed made each of us special. Come join our class to learn more about the science of genetics and even produce your own genetic "bug creation." In addition, we will be focus on how our uniqueness should not stop up from having rights in this country to vote. We will have a round table discussion about the timeline of the Japanese, youth and women gaining the right to vote in Canada. Looking forward to sharing your uniqueness on December 5th!

Grade 10-12 - Socialization/Free time to read, do homework, etc. and Gym. Afternoon will be filled with a variety of math and science experiments with Mr.I

Home Education (Traditional) Students are welcome if space allows. Registration will commence for Home Education (Traditional) Students 2 weeks prior to the class start on November 21. We look forward to seeing you there.

Please bring a lunch; there will be no access to heat the lunches up - NO NUTS PLEASE. You will also need indoor running shoes to participate in the gym.

WHERE: Saville Community Sports Centre 11610 65 Ave NW, (The big orange building)

WHEN: Wednesday, December 5

TIME: 9:30 -10 am drop off and registration, classes run from 10:00 am-2:50 pm.
Pick up by 3:00pm.

WHO: CFL Students Gr 1-12

COST: Students in Online, Print-Based or Shared Responsibility (Blended) programs =
Complimentary

JANUARY 10

TELUS WORLD OF SCIENCE

IMAX: Weather is one of the most dynamic forces shaping our planet, but now it's more extreme and complex than ever. Extreme Weather takes us to the frontlines where few have gone. Travel to the edge of 300-foot tall glaciers collapsing, to the front lines of massive wildfires, directly in the path of deadly, yet mesmerizing tornadoes. Follow researchers and everyday heroes as they uncover surprising connections to help us understand and adapt to our ever-changing weather.

This activity will meet some of the learning outcomes of Grade 5 - Weather Wonders, Grade 6 - Trees & Forests, Grade 7- Interactions and Ecosystems.

Classroom Program: Join us in our Science Lab for hands-on chemistry. Students will investigate particle reactions as they work through four different chemistry experiments. Learn how to make a glow stick brighter and how to create a polymer. Experience all this and more as we experiment with chemistry and particles. **Laboratory Safety:** For the safety of all participants in our science laboratory, all students must wear long pants and closed shoes while participating in TELUS World of Science - Edmonton Lab Programs. Please, no skirts, shorts or sandals.

This activity will meet some of the learning outcomes of Grade 5 Science - Classroom Chemistry.

WHERE: Telus World of Science, 11211 142 St NW, Edmonton, AB T5M 4A1
WHEN: Thursday, January 10
TIME: 1:00-3:45pm ***IMAX film starts promptly at 1:00PM so PLEASE arrive at 12:45pm**
WHO: CFL Students Gr.4-8
COST: Home Education (Traditional) student = \$18
Parent/ Guardian = \$7

JANUARY 14

MINERALOGY, PETROLOGY & PALEONTOLOGY TOUR

Established in 1912, the Mineralogy / Petrology Collection is one of the oldest systematic mineral and rock collections in Canada. It currently contains about 12,000 specimens, of which more than a thousand are on display in the Mineralogy / Petrology Museum. The Collection ranges from brilliant crystals to glittering fool's gold to mineralogical rarities and oddities as well as historical specimens from localities that are no longer accessible.

Highlights from two extraordinary collections, University of Alberta Laboratory for Vertebrate Paleontology and the Invertebrate Paleontology Collection, are available for public discovery in the Paleontology Museum. Specimens on display range in age from over 600 million to 10,000 years, from dinosaurs to fish to trilobites. Significant fossils highlight unique discoveries that address major evolutionary questions. The Collection, especially the specimens in the Museum, is a valuable resource for researchers, students, rock and mineral collectors, and the museum community.

WHERE: University of Alberta, Earth Sciences Building, Edmonton, AB
WHEN: Monday, January 14
TIME: 1:30-2:30pm
WHO: CFL Students Gr.1-6
COST: Complimentary

This activity will meet some of the learning outcomes of Science, specifically Grade 3 Rocks and Minerals and Grade 5-6 Sky and Space Science.

FEBRUARY 1 BREAKOUT ROOM

In the year 2085, the Earth became increasingly uninhabitable due to global warming; natural disasters reached catastrophic levels. Man-kinds turned to space to escape from its decaying cradle. First major settlements began on the Moon, but they soon reached their maximum capacities. A series of space colonies were built to progressively reach outward into space.

After decades long of segregations between the colonists, tension runs high between different factions. Soon mistrust turns into fear, and anger manifests into violence. Acts of sabotage occurs on multiple colonies. A terrorist group has infiltrated the space station "The Ark" and incapacitated the station's energy generator in an attempt to destroy the entire colony. More than 100,000 souls on board the colony are at jeopardy.

It is up to you to restore the generator and save everyone.

- WHERE:** Breakout Edmonton East, 6111 101 Ave NW, Edmonton
WHEN: Friday, February 1
TIME: 2:30-3:45pm ***You must arrive on time to be able to participate in this activity**
WHO: CFL Students Gr.6-12

STUDENT SUPERVISION STANDARDS AND PARENT PARTICIPATION

All field trips and events hosted by The Centre for Learning@HOME require supervision to ensure acceptable levels of behavior and safety. The Centre for Learning@HOME will have at least one school staff member on site at every event we host. Staff, and when necessary, parent volunteers (who have provided police issued security clearance documents), will attend events to meet the necessary supervision ratios set out by Christ the Redeemer Catholic Schools and as listed below.

The CFL welcomes parents to participate in activities and events whenever possible. Some events require a parent supervise every participant; other events/venues restrict parent participation. The role of the parent is included in each event description. Please see below for an explanation of the rationale.

1. PARENT PARTICIPATION IS MANDATORY

In this scenario, the students will require one on one assistance to complete the task or the venue has asked us to have a parent with each child. A CFL staff member will be there to assist the event leader, check in students and parents, and obtain the activity waiver forms.

2. PARENT PARTICIPATION IS VOLUNTARY

In this scenario, the parents are welcome to stay and participate, or release their student(s) to the care of The CFL staff and approved volunteers. The ratio of adults to students is in accordance with Christ the Redeemer Catholic Schools' policy (below). If the parent elects to drop their student(s) off, they must deliver the student(s) to the school staff member at the event to check them in and sign the activity waiver. At the end of the event, the parent must collect the student(s) from the school staff member at the specified time and ensure the staff member knows the parent has arrived to pick up the student(s). Please do not drop your student off at the door or plan to pick them up outside.

3. PARENT PARTICIPATION IS RESTRICTED OR NOT ALLOWED

In this scenario, the host venue has asked that parents not participate either due to the nature of the event (i.e. swim lessons) or because of limited space. The Centre for Learning@HOME will provide supervision according to the supervision standard set by Christ the Redeemer Catholic Schools. Parents may be able to watch from the sidelines (like in swim lessons) or drop the student(s) off and pick them up at the end of the program. When dropping off your student(s), please deliver the student(s) to the school staff member at the event to check them in and sign the activity waiver. At the end of the event, the parent must collect the student(s) from the school staff member at the specified time and ensure the staff member knows you have arrived to pick up the student(s). Please do not drop your student off at the door or plan to pick them up outside.

If arrangements are made for someone other than the parent/guardian to pick up a student, please notify The CFL staff member, in writing, prior to the start of the event.

SUPERVISION RATIOS AS SET BY CHRIST THE REDEEMER CATHOLIC SCHOOLS
FOR FIELD TRIPS

GRADE LEVEL	ADULT: STUDENT RATIO
1-3	1:5
4-6	1:10
7-9	1:15
10-12	1:25

Please note, some activities replicate a classroom setting (example: teacher led co-curricular classes) and in such situations, the Field Trip Supervision Ratios will not apply. Ratios similar to a traditional classroom will apply.

If you have any questions or concerns regarding supervision, please contact The Centre for Learning@HOME Program Enhancement Coordinator for your area.
